## 1 – PATIENT AUTHORIZATION AND AGREEMENT

The EAGLE CAN program is a support program by Eagle Pharmaceuticals (“Eagle”) that helps patients understand their insurance coverage and financial support options for Eagle medications, such as copay and free medication assistance. To participate in the EAGLE CAN program, this program will need to receive, use, and disclose your personal information. Please read this authorization carefully.

### 1. What information is used and disclosed?

- Information on the EAGLE CAN enrollment form
- My contact information and date of birth
- Professional and employment information
- Financial and income information
- Insurance information
- Health records and information, including medications

### 2. Your Protected Health Information (PHI) may be shared with these entities (together “Health Care Entities”)

- Your doctors and other healthcare providers
- Your healthcare plan or health insurance company
- Clearinghouses or other agents
- Others who might have your PHI on behalf of your healthcare providers, pharmacies and healthcare plans

### 3. What is the purpose for the use and disclosure?

My personal information will be used by and shared with the persons and organizations described in this authorization in order to:

- Process my application for the EAGLE CAN support program
- Provide the EAGLE CAN program services to me, including verifying my insurance benefits, researching insurance coverage options, and referring me and my caretakers to other plans, support, or assistance programs that may be able to help me
- Provide co-pay assistance to me, if I am eligible (Pempfexy Only)
- Contact my caretakers and me about the programs and the services that are available
- Contact other healthcare providers and charitable organizations to determine if I am eligible for, or enrolled in, another plan or program
- Provide me with free medication through the EAGLE CAN program, if I qualify
- Improve or develop the programs’ services

### 4. Other things you should know about sharing and using your PHI:

- We only ask for and share the PHI that we need to provide the benefits you want. We do not ask for any PHI that we do not need, but we may receive some in the health records sent to us. Your PHI will be released to Eagle and its affiliates, agents, representatives, and service providers (together “Eagle”)
- You don’t have to give permission to share your PHI with Eagle to receive treatment from your healthcare providers, your prescription from your pharmacy, or benefits from your healthcare plan, but the EAGLE CAN program may not be able to help you without it
- After your PHI has been shared, it may no longer be covered by federal and state privacy laws (such as HIPAA), and it may be shared again with others by Eagle
- Your signed permission to share and use your PHI lasts for 5 years from the date of your signature. You may revoke your permission before then by writing to EAGLE CAN PO Box 220126 Charlotte, NC 28222, which will preclude reliance on the authorization after the date your written revocation is received
- You can stop sharing your PHI with us or change what you share by calling us at 1-833-324-5322, or by writing us at EAGLE CAN PO Box 220126 Charlotte, NC 28222
- Your cancellation or revocation of this Authorization will be effective when your Health Care Entities receive notice of your cancellation or revocation, and will not apply to any information shared with Eagle by your Health Care Entities prior to the time those Health Care Entities receive notice
